

Dear Fellow Oklahomans:

As someone that believes in the State of Oklahoma and supports all Oklahoma veterans, I would like to ask your participation in the Native American Warrior Project. This is a Special Recognition Vision of the Force 50 Foundation, a non-profit organization committed to serving the healthcare needs of all Oklahoma Veterans.

This project promotes the dedication of a First American Warrior monument at the newly established Oklahoma Veterans Memorial Park on the southside of the State Capitol. We are asking all Oklahomans to support this project.

Our success depends on you and the many good Oklahomans you know. Please help us spread the word within your community and assist us in our fundraising efforts to honor the heritage and military history of these special Oklahomans!

Become a part of the \$25 WARRIOR COMMUNITY CHALLENGE! This fundraiser seeks 100,000 Oklahomans from all 77 counties to donate \$25 or more to the project. The county (based on a per capita basis population) that raises the most funds will receive 10% or up to \$25,000 for the Veterans organization or project of their choice!

Please help us recognize the many contributions of our 39 tribal nations in Oklahoma and the courage, sacrifice and service of our Native American Warrior. Any Oklahoman that contributes \$25 or more to this project will be listed as a "FRIEND OF THE WARRIOR" and will be memorialized in a 50-year Time Capsule at the sight of the monument. **This friendly community challenge will end on December 31, 2024 so go to the QR code below and donate today!**

The word "Oklahoma", which translates to Red People, was suggested in 1866 by Choctaw Nation Chief Allen Wright during negotiations with the US government. It comes for the Choctaw words okla, meaning "people", and humma meaning "red". The name was official approved in 1890. As patriotic and proud Oklahomans, I hope you will join me in making this project a reality!
